Raptor Hikes – Meet the birds of Treetop Nature Trail! Join in a guided hike along the elevated boardwalk of the Treetop Nature Trail and learn about the hawks, owls and vultures native to Alabama. Along the trail your tour guide will discuss the natural history and behaviors unique to each species. The hike concludes at the Alabama Wildlife Center where a glove-trained raptor awaits to greet you. Enjoy a self-guided tour of Alabama’s oldest and largest wildlife rehabilitation center.

Face painting – For all ages! Whether your favorite wild animal is an owl, a fox or a snake our artist will reproduce it in miniature just for you.

Migration Game – Experience the wonders and challenges of bird migration! Each spring Alabamians welcome the return of thousands of migratory birds, many of which will nest and raise their families in our state. The Migration Game explores the challenges birds must overcome not only along migratory routes but every day in order to survive in an ever-changing environment.

Raptor Release – Share the thrill! A raptor which has been rehabilitated by the Alabama Wildlife Center will be returned to the wild to celebrate the opening of the Oak Mountain Interpretive Center.
